Public Hearing: HB 2683

It is a well known fact that small business owners are busy people. Many are working understaffed in order to keep their doors open and to maintain their employees. Most do not have an HR department. Any steps the legislature can take to streamline and reduce the employer paperwork burden is endorsed by our 7,500 Small Business members in Oregon.

HB 2683 provides an opportunity to streamline the payroll process while adding payroll security for both the employer and employee.
