Labor and Business Committee

HB 2008 Designates a seat on the OLCC for someone with a background in Public Safety, Drug and Vice Police Officer, and/or Noise Control Officer – who works with GNA on a daily basis.

Mary Ann Schwab, Community Advocate

Currently serving on the OLCC 2nd Advisory committee – Rulemaking for Exterior Areas at licensed establishments, i.e., Food Carts.

Fiscal Impact Statement:

"If an agency appoints an advisory committee for consideration of a rule, the agency shall seek the committee's recommendations on whether the rule will have a fiscal impact, what the extend of that impact will be and whether the rule will have a significant adverse impact on small businesses. If the committee indicated that the rule will have a significant adverse impact on small businesses, the agency shall seek the committee recommendations on compliance with ORS 183.540." [ORS 183.333] or not -- that depends upon each of you taking time to participate in the problem solving discussion -- speak up now or forever live with sleep deprivation. Yes, this is worth repeating -- OLCC taverns/pubs, restaurant business owners are not legally responsible for exiting noise caused by their patrons, voices or banging car doors... .

The Fiscal Impact Statement does not reference location of food carts and/or brick and mortar adverse impact on sleeping residents in 95 neighborhoods. Please note, nor is their mention of OLCC capping new liquor licenses to give the existing business owners support for financial success.... Why not suggest OLCC and local Cities and Counties cap new liquor licenses based on demographic population ratios? Why not review these OLCC Liquor application fees in relation to 50 States? ... Why not review the City Business license fees as related to type of malt beverages/wines/alcoholic sold, based on public safety and volume of sale. For example, the lowest cost for a B&B, Catering Business, gradually increase cost for mom & pop convenience stores, neighborhood grocery stores, COSCO big boxes, with highest cost within entertainment districts -- downtown, china town, pearl, -- high volume restaurants/taverns/pubs. When a shots fired -- individuals killed owner fights to re-open. These issues merit serious discussion. I remain hopeful, the SEUL Board of Directors and Six Coalitions are standing by to bring key stockholders to assist in finding win-win solutions.

Back to Sunnyside Yamhill residents pleas requesting LEGAL assistance necessary to push back OLCC by supporting the City's Noise Ordinance -- 10:00 p.m. to 7:00 a.m. PERIOD! Should OLCC approve push back -- Sunday to Thursday, 11:00 p.m. Sunday to Thursday and 1:00 a.m. on Friday and Saturday - my fear is that OLCC's approval MAY ALSO legally re-set the clock for taverns/pubs/restaurants across the entire State of Oregon. ...or not! Like many of you, I am not legally trained to read double talk. We, taxpayers depend on the City's Attorneys expertise to fight back.

What I learned reading this link? The ONI Noise Control Officer, Paul Van Orden and Drug and Vice Police Officers are helpless in attempting to stop insufferable noise related issues from happy patrons. For example. When during closing, 2:30 a.m. happy patrons yelling friendly good-night, sounds of car key whistles unlocking car door -- then car doors slamming shut, vehicles motors revved and radios blaring between 10:00 p.m. and 7:00 a.m. Please, your immediate attention to these serious sleep-deprivation public health noise issues are will be greatly appreciated by Portland's workforce and students.

As to where this GNA example where the OLCC Fiscal Impact Statement comprising the State and City Noise Ordinances, increasing OLCC liquor license application fees, as well as City of Portland business license fees fits in with the zoning Comp Plan 2035 -- I'm clueless.

The clock is ticking.

Good Morning Joli:

Can this figure be divided to report how much of that \$16 million was paid in with the frozen 1977 penny-a-pint beer privilege production fee?

Thank you,

Hi Mary Ann-

Our analyst just gave me the breakdown for 2011 privilege taxes collected:

Total Privilege Tax Collections in 2011

Class	Collection	Percent
Table Wine	\$ 8,341,654.20	51.3%
Dessert Wine	\$ 753,224.41	4.6%
Malt Beverages	\$ 7,081,365.16	43.6%
P&I/Audits	\$ 73,407.34	0.5%
Total	\$16,249,651.11	

He said he will get the 2012 figures on Monday after our Financial Services Director is back in the office. As there are still items being adjusted in that budget cycle, he wants to ensure that he gives out the most accurate and up to date information. P & I/Audits is a category for penalty and interest and amounts collected through the result of an audit which may have originally come from either beer or wine tax collections.
