As an Island Resident for over 30 years, I am appalled by the lack of oversight by the State Legislature, OLCC, and OLC regarding lottery bars in Oregon.

Yes, lottery dollars are a big moneymaker - but we need regulations.

I am in support of these bills, but they are only a basic starting point, **we need further regulations that stop the over-saturation of an area with lottery bars.**

To define a strip mall is good, but these bills could not stop Denney's from adding lottery machines. Denney's recently moved in across the street from said strip mall.

The law would not stop Hooter's from having 2 lottery bars - they are behind the strip mall.

It did would not stop Norma's (across from Hooters) from adding lottery machines.

It did not stop the sale of the Zupan's to Dotties for future lottery bars.

It will not stop the former Red Lion-Thunderbird property from adding retail and lottery bars.

When will this proliferation of lottery bars end?
