I just think it is awful to have to live here on Hayden Island and feel like you live among the casinos. I can't even go to McDonalds without having to deal with the people who hang out at these casinos on the island. There are many people who hang out outside these lottery establishments that look like they are pretty doped up. I feel they should shut these casinos down. It would be different if there was maybe 1 restaurant that had some machines and served actual dinner food but that is not what these are. I never voted for all of these casinos. I pay very high property taxes to live here and I would rather have our police force not having to deal with these but being able to help the good citizens of Multnomah county.

Thanks for listening.

Sincerely,

Tammy Forsgren

Resident/Owner on Hayden Island
