

Creative Supports, Inc.

Self-Determination for Adults with Developmental Disabilities

Your help is needed!

Creative Supports, Inc is the support services brokerage serving adults with intellectual and developmental disabilities in Jackson and Josephine Counties. We serve 540 people, their families and their support teams in our area.

Support services brokerages in Oregon have already been subjected to over 20% cuts to our funding in previous biennia's that has not been reinstated Please **do not cut** any more funds from the Developmental Disabilities system.

Thank you for giving of your time to the citizens of Oregon and for investing your time to learn more about the impacts of the current budget issues on your constituents in Southern Oregon.

Sincerely,

Barbara Hedrick, Executive Director
