Re: Forest Collaborative Projects

Dear Senator Johnson:

Please find attached to this letter a replacement chart for the chart on the Forest Collaborative projects in the Governor's budget, which was displayed before the Ways & Means Subcommittee on Wednesday, March 13. This chart provides a better visual of the two different collaborative projects proposed in the Governor's budget, the Federal Forest Health – Dry Side project and the O&C Lands Pilot Project. The new chart is designed to display state agencies' responsibilities for each project and the costs of those responsibilities.

If you have any questions regarding the new display please contact me at (503) 378-4709.

Sincerely,

Tamara M. Brickman
Policy and Budget Analyst
