**Subject:** Opposition to SB800

**Importance:** High

Honorable Members of the Oregon Senate Committee on Environment and Natural Resources,

I write today in opposition to SB 800. I urge you to vote against this legislation.

There is a strong process for reporting pesticide applications to the Oregon Dept of Agriculture. SB 800 adds an unnecessary process for reporting that is redundant to the existing system. In today's world of working smarter, it does not make sense to add a new process, with the accompanying costs, to a system that already exists.

Such an effort will add to the burden of pesticide applicators in the State, with no additional benefit to anyone.

I urge you to vote against SB800.

Regards,

Jim Gray
