As a resident of the Molalla River School District, I am writing you to encourage your support of our Molalla Indian mascot and all of the other schools in the state.

The Molalla Indian tribe is extinct so they can not speak up for the honor that their community gives them with our high school Molalla Indian mascot designation.

It is an honor not a slur. Our glass is half full, not half empty. We look to the positive, not the negative.

I hope that you will too.

Denise Keep
