

Dear Senators (in Hearing for SB490)

My Name is Cheri Crocker  
I live in Salem - 4081 Alderbrook SE  
I volunteer at 2 pregnancy centers  
in Salem (for the last 6 years).

I have been listening to the  
proponents of SB490 - the 1st  
who said they are involved with  
planned parenthood - and said  
they went to some PC<sup>3</sup>B centers  
and got information and  
documented it on paper -  
and then ~~we~~ spoke about the  
information at the hearing lied!  
I know about the photo on  
the wall. - It is not an aborted  
baby - It is a baby with  
spina bifida - and the doctor was  
doing surgery to correct the problem.  
Also the form we use at our

2 pregnancy centers and is  
signed by the client - States  
we are not a doctor's clinic  
we are not medical professional  
We are only volunteers!

They are many more  
examples - How can I  
get this information to you?
