To whom it may concern.

Please abolish the O.L.C.B. This organization was in a large part established to combat illegal landscaping and raise the quality of landscaping in Oregon. The organization has not accomplished either. Further, the O.L.C.B. has simply become a self-serving board that has been introducing and attempting to pass legislation that both justifies and supports their singular existence. (Please see board minutes as proof.)

The organization has done nothing to support small business, nothing for our industry and should definitely be abolished-forever.

I would be pleased to become a member of the Construction Contractors Board that existed before the O.L.C.B. came along. It should also be noted that the two boards have virtually the same mission statement proving that there is no need for the O.L.C.B.

Thank you very much for this opportunity to write my opinion.

Sincerely,

Eric J Simpson
