Re: HB 3364 - Relating to integrated pest management.

Dear Chair Witt and Committee Members:

Thank you for the opportunity to provide testimony concerning House Bill 3364, the plan for agency coordination of Oregon's State IPM policy. We strongly support the passage of this Bill because it is essential to protecting our environment and, most important, protecting humans from exposure to health-threatening chemicals. Providing the opportunity for public input is also essential to protecting our human rights under the Oregon Constitution.

Respectfully submitted,

Neal & Nancy Miller
