Dear Oregon State Legislature and House Transportation and Economic Development Committee,

On behalf of the City of St. Paul, City Council and Planning Commission please review the attached letter and petitions in opposition of HB 2696 Coastal Parkway. A Coastal Parkway across the French Prairie would do irrevocable damage to St. Paul's economy and citizens.

Thank you for your prompt attention to this matter.

RE: House Bill 2696 Coastal Parkway

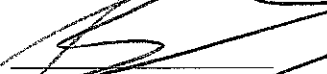

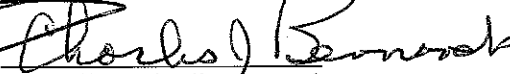

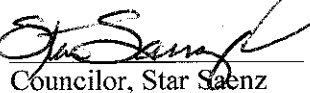

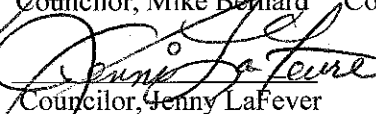

St. Paul's City Council and Planning Commission continue to unanimously oppose all Coastal Parkway Options across any part of the French Prairie. The proponents of the Coastal Parkway had proposed the same idea as HB 2696 back in 2010.

The agriculture industry is the life blood of the city. St. Paul is connected to farming historically, economically and genetically. Most citizens are either related or dear friends to farmers in the area. The three main businesses in town, Marion Ag., Ernst Irrigation and Western Industrial are farming and agriculture based. Abundant water sources and fertile soil not only attracted Native Americans, French Canadian fur traders and early settlers to the French Prairie but will also sustain the agriculture industry long into the future.

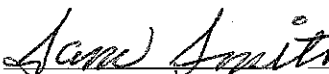

A Coastal Parkway across the French Prairie would do irrevocable damage to St. Paul's economy and citizens.

The attached signed petitions reflect the Coastal Parkway opposition of not only St. Paul citizens and farmers but also those from the French Prairie, Marion County and elsewhere in Oregon. This petition was done in 2010 when the Coastal Parkway proponents came to St. Paul with their proposal. Citizens and farmers remain opposed to a Coastal Parkway across the fertile farmland of the French Prairie.

To be submitted to MARION COUNTY COMMISSIONERS**

**by FRIENDS OF FRENCH PRAIRIE**

Whereas the area of Willamette Valley known as French Prairie is of historic significance based on the initial vote for Oregon statehood which took place at Champoeog on the Willamette River;  
 And, whereas French Prairie contains among the highest quality soils in the continental United States;  
 And, whereas the land in French Prairie is primarily zoned Exclusive Farm Use and supports a large agricultural economy;  
 And, whereas all the lands in the Willamette Valley south of the Willamette River, including French Prairie, have been designated Foundation Agricultural Lands by the Oregon Department of Agriculture;  
 And, whereas all the benefit of the Coastal Parkway proposal accrues to Yamhill County and all the loss is imposed on Marion County,  
 We, the undersigned, request of the Marion County Commission absolute and uncompromising opposition to the any proposal for a Coastal Parkway across French Prairie.
