Subject: Bill 835 in a bigger picture

Dear Beth and Mark,

I would like you guys to look at this bill in a bigger picture.. The life these roping horses have!! I'm going to attach some pictures of the pictures I took of some back yard pets, starved, not happy and needless to say no water.. They are the first two picture I have attched..

The second two pictures I'm attaching is of roping horses, they are fat, happy and really only work 10 minutes a YEAR...

Which horses would you want to be? I'm sure your not starved out and yeah you have to work for your life too!

Thanks and no thanks for you time.. Monel Shelley 541-589-2236
