Dear Ms. Reiley – I would like to make sure that I am on record that I oppose SB401 & SB838. These two bills are just plain bad – how can you make a waterway “natural & scenic” when rivers such as Cow creek flow out of a reservoir and a Glendale has a waste treatment plant that dumps into it? I agree that some of these should be on the list such as the Metoilius – but not rivers like Cow Creek, South Umpqua and Brice Creek.

KILL THESE TWO BILLS NOW!
