

Public buildings are public buildings. The 2<sup>nd</sup> Amendment says my right to keep and bear arms SHALL NOT be infringed.

This bill infringes my rights. The 2<sup>nd</sup> Amendment is there to keep YOU, the government, in check, not me.

The proposed Amendment allowing CHL holders to carry as long as the firearm is hidden sounds really nice, but what if I reach to pick something up? God forbid you see something. Are you going to charge me with a FELONY for that? What does completely concealed from view even mean? If you can see an imprint through my clothing am I now a Felon?

Why do you want to turn law abiding citizens into Felons?

Data from the anti-gun Violence Policy Center facilitated an analysis which shows that Oregon law enforcement officers are 28 times more likely to commit homicide than CHL holders, and that the average Oregonian – all ages – is 7 times more likely to commit homicide than a CHL holder (source: Oregon Catalyst).

What is the agenda here?
