To Whom it May Concern,

Please support HB 3390, to allow employees to earn sick time as they work. Importantly, the bill would allow domestic and sexual violence victims to use the sick time they earn to seek safety (for example, to go to court for a restraining order, or to relocate to a safe place) -- without jeopardizing their economic security.

As an advocate and survivor, this bill will help support victims of DV to continue their self- sufficiency needs during such a difficult time.

Thank you.
