**To:** Reiley Beth  
**Subject:** Opposition to SB835

Dear Beth Reiley,

We write to you to highly oppose SB 835, the Right to Rodeo bill that includes the banning of horse roping, with language and intention that will have far reaching negative consequences for those of us in the business or recreation of horse training. There are more of us than you think who highly oppose the intention of this bill, and we are highly insulted at the onslaught of impractical legislature and sneaky way these bills are written to fool the general public that takes place in this state, originating from an area of the state that is a world away from the reality of the history and rural life on the eastside. We also are very busy people, who work outside , tending the land and livestock that we make a living from, so we are not as efficiently informed until it is often too late to make a point and defend our views and rights, from those of you who live and work with you noses in a computer. This bill is just the beginning of more loss of rights that we as free Americans cannot go along with.

Sincerely,  
*Beverly & Wil Howe*
