Subject: Mining land closure bills

Hello I whole heartedly oppose the closing of our public and private lands to mining. The lands and mines are owned by the Public or private sector and we as citizens of Oregon shoul have the right to use our lands in a responsable manner. Don't keep us from using our public lands for our recreation! Thank you for your time. David Ruppel PO Box 526 Christms Valley, Oregon 97641 email: rupe430@gmail.com
