

Sir,

So when the illegal, with minimal or no insurance, working for the farmer, kills your son or daughter in an auto accident, who are you going to sue?

The farmer. So now tell me again how this will benefit the farmer.

Lets just give the farms to the illegal immigrants, then they will at least have something to go after. You'll have your registered democrat for life and easy street will keep you happy because your a good and moral man. Who just wants to take care of the underprivileged and deserving Hispanic.

Every time you mention race, any race, you prove yourself a bigot. Every time you try to sell an illegal immigrant as an undocumented worker you condone all things illegal. Every time you separate off a group and give them special privileges or rights you become more of an affront to: we the people.

I am not against foreign workers coming into this country legally to work. That is honorable. When you make it a pathway for illegal immigration that is criminal; when you try to mix the two you are simply deceitful.

Do the right thing for the people of Oregon, do the right thing in memory of the greatness that once represented what it was to be an American citizen.
