& Gold mining Equipment

Beth Reiley Committee administration

I would like to urge your committee to vote no on SB 401 & SB 838. These bills would destroy mining & a large part of my business sales. There are already enough rules & regulations if properly enforced to protect the environment from mining.

These bills if passed would also destroy another part of Oregon's economy. We can't afford to lose any more jobs or businesses in our state.

Thank you.
