Testimony of Susie Stevens-Briody to Committee April 15th

Dear Senator Dingfelder and SE& NC Committee –

My name is Susie Stevens-Briody and I am an Oregon citizen writing to ask you to help put a moratorium in place against suction dredge mining in our rivers. It's so important to keep clear water for our salmon & other fish--their habitat is crucial and so is our access to clear water in our wonderful OR rivers. As a retired teacher I feel our outdoors is crucial to Oregonians health & our economy.

Thanks for your consideration,
Susie Stevens-Briody
