Maria KELLY

15 April 2013

Dear Maria,

I would like to write and comment on HB 2841.

My wife and I own two mining claims in Oregon.

I absolutely believe it is a good idea for the State of Oregon to consult with miners that are affected by new laws, and HB 2841 will allow that to happen.

We certainly support bill (HB 2841).

Thank you,

Johnny WEST
