Subject: SB 401

St. Benedict Lodge is a Church retreat center and worship chapel located at McKenzie Bridge along 70 acres fronting the McKenzie River. We have operated for the past 75 years serving thousands of non-profit groups including high school students, college students, 12 step groups (AA, Nar.Anon. & Gamb. Anon) as well as academic conferences from the Univ. of Oregon. As presently written Senate bill 401 would seem to severely limit what we do here and perhaps make our work impossible to continue. I would hope that the senate would take more time to discuss the implications of this bill and delay its approval.

sincerely yours, Rev. thomas DeMan, Director, St. Benedict Chapel and Lodge,
McKenzie Bridge.
