Senators, I oppose Sb401 Sb838 and all bills banning Oregon's small scale mining. there is nothing I can say that you haven't heard in the last few months. either you believe in people ,liberty , truth, justice , rights , science, law, freedom, and the constitution.... Or !!! you believe in Hollywood movies and campaign contributions. at any rate this production of the environmentalists must end now. I have written several letters . at this time I would like to list a few key words and leave it at that. Due process, Law, Evidence, Truth, Agenda, Peoples State, Represent, Safeguard, Crisis, Sham, Oppression, Kentucky Coal, Slaves, Constitution, Miners, Emergency, Abolish, Capitulate, Amenity easement, Theft, Fuse, Scenic, Oath, Occupied state, Officers, Athens, Rome, We are miners we are people of the State of Oregon, We are the true keepers of the rivers.
