Directors,

The Lane County Fire Defense Board would like to formally oppose SB 422. On February 21st the Lane County Fire Defense Board voted unanimously to oppose SB 422.

This bill would allow rural fire districts to contract with law enforcement for areas that are not funded or underfunded. The Lane County Fire Defense Board believes that this bill will have a negative impact on the mission we are currently charged to provide.

The Lane County Fire Defense Board is comprised of twenty-two fire and emergency medical service agencies in Lane County.

Sincerely,

Chad Minter, Chief LCFDB
