RE: HB 3506

4.30.13

Please do NOT approve the above referred bill at your meeting on Wednesday afternoon.

In order to become an American Citizen, an immigrant is required to be proficient in the English language. And citizenship is an eligibility requirement for voters.

Voters who do NOT speak or understand the language are vulnerable to misinformation about both issues and candidates on the ballot.

It is also expensive to indulge those who have not learnt the language, with ballots and voter material in the numerous immigrants languages .

Please vote NO on HB 3506
