Representative Alisa Keny-Guyer, Vice-Chair
Representative Jim Thompson, Vice-Chair
House Health Care Committee
Oregon Legislative Assembly

Re: HB 2134

Dear Chair Greenlick, Vice-Chairs Keny-Guyer and Thompson, and Members of the Committee:

Causa is Oregon's statewide Latino immigrant rights organization. Causa works to defend and advance immigrant rights by coordinating with local, state, and national coalitions and allies. We are the largest Latino civil and human rights organization in the Pacific Northwest. Our mission is to foster a society that recognizes the contributions of immigrants and upholds the values of democracy, equality, and respect.

It is our conviction that the Triple Aim goal of lower costs, better healthcare, and better outcomes is through providing the same high level of health care and human services to all Oregonians. Despite our work, we know that some communities have poorer health outcomes than others and that these barriers to health include inaccurate and inconsistent data and a lack of culturally & linguistically appropriate care. Understanding Oregon's changing population and creating a local set of best practices that complies with national standards is a necessary step to removing health disparities in Oregon.

Oregon's health care transformation has the goal of providing the health care and services that all Oregonians need to be healthy. Our system needs to be targeted and data-driven to provide more effective and efficient care for all Oregonians. Accurate, consistent and meaningful data collection is a crucial component of this goal, making it possible for providers to refine and improve the quality of care for their patients and clients, while maximizing our limited resources.

Please vote YES on HB 2134 and support our work to have meaningful, consistent, and accurate data collection in health and human services. Thank you.

Regards,

Reyna Lopez
