In the "Holding OUS Accountable" paper we compared the "administrative staff" to the "supervisory" category used in PECBA and in HB 2020. We were aware that the "administrative" category probably included supervisory personnel (i.e. confidential staff, policy people, and people who legally should be in the classified unit), but we had no other data to go on. We pushed OUS to provide personnel data conforming with 2020 categories; instead they gave us the same IPEDS data anyone could download from the IPEDS website.
