The Affordable Health Care for All Oregon Plan, HB 2922, offers a publicly funded plan to cover everyone living or working in Oregon. It would give all of our citizens the opportunity to have their health care needs cared for by a certified medical provider of their choice. Health care includes a full range of medically necessary preventive, inpatient, outpatient, mental health, dental and vision services, and prescription medications. I urge an enthusiastic Yes! vote on this bill, which provides for the basic health needs of all Oregonians. Thank you!
