

Honorable Representatives, we are contacting you to oppose removal of the Lee Statue from the capitol and replace it with Mr. Hatfield. While Mr. Hatfield served the state of Oregon for a long time it does not qualify him for that position. Over the years many have served our state, but not worked to bring Oregon to statehood. It is reprehensible to think it might be a Bible in Lee's one hand which would initiate the removal of the statue. Is it not time someone stood up for the majority of our citizens wishes instead of listening to the voices of a minority of the people. Please stand for right not political pressure.

Sincerely,
Sam and Karen Villalobos
Dorena, Or
