

Mr. Erin Seiler , House Rules Committee, Clackamas County Legislators;

I have live in Oregon all my life and to see that you want to take the statue of Jason Lee, out of the National Statutory Hall in the US Capitol and replace it with Mark Hatfield.

This is one more step towards taking away our History of Oregon, it's Founding Fathers and it's Christianity.

You are all acting against why we voted you in office. You are to be our voice and choose wisely for our State of OREGON!!!!

WE THE PEOPLE, Put you into office and can take you out!!!!

I can not believe the names listed on this bill.

I for one will keep these names in mind when it's time to VOTE!!!!

I'm a registered voter and a very active Republican.

I will use this information
