

DEVELOPMENT OF A DISASTER DEBRIS MANAGEMENT PLAN

Clatsop County Emergency Management

Director Dean Perez

Clatsop County's "To Do" List

- ❑ Develop a Debris Management Strategy for Clatsop County.
- ❑ Organize a Debris Management Team.
- ❑ Review, assess, and revise laws, codes, and ordinances to address debris management and emergency demolition.
- ❑ Develop a Debris Management Cost Recovery Process.
- ❑ Develop MOU's with Key Partners.

Planning Considerations

- ▣ Health and safety issues
- ▣ Critical facilities/infrastructure
- ▣ Training plan
- ▣ Contracted services
- ▣ Private property debris removal
- ▣ Environmental and regulatory requirements
- ▣ Public information plan

Disposal Planning Considerations

- ▣ Landfills are not the only option!

- **REDUCE**
- **REUSE**
- **RECYCLE**

Questions to Consider

- ▣ What facilities are critical in Clatsop County?
- ▣ Who will coordinate debris response activity?
- ▣ How will debris be collected?
- ▣ How will Household Hazardous Waste and Solid Waste/White goods be collected?
- ▣ Are environmental controls for hazardous waste (liners or berms) in place?
- ▣ Does the plan avoid placing debris in environmentally sensitive areas?
- ▣ Is the plan synched with the state and local agencies?
