

Oregon Consumer League

1200 SW 12th, #907, Portland, Oregon 97205

May 13, 2013

The Honorable Chris Garrett and Rules Committee Members
Oregon House of Representatives
900 Court St. NE
Salem, Oregon 97301

Dear Chairman Garrett and Rules Committee Members:

On behalf of the Oregon Consumer League, I urge you to oppose HB 3510, legislation that takes unprecedented action to empower the ticket industry and limit the rights of Oregon consumers.

The Oregon Consumer League recognizes that the bill is well intentioned; we believe regulating speculative sales which hurt consumers is appropriate. However, as drafted, vendors, such as Ticketmaster, sports teams and venues will have total control over tickets purchased by Oregon consumers. In our view it is a clear violation of the basic rights Oregon consumers have as ticket holders.

HB 3510 eliminates consumer choice and creates monopolies that stand in the way of consumers exercising their right to sell or transfer the tickets they own as they see fit. There are clear winners in this scenario – but they are not Oregon consumers. If HB 3510 is adopted, Oregonians who are fans, and financial supporters, of the arts, music and sports industries would be the losers.

We respectfully urge you to oppose this legislation.

Sincerely,

Jim Davis, President
