

Good-day,

I would like to submit the following videos as testimony in support of extending, strengthening, and improving the EITC for the 8:30 am hearing on May 23rd in the Joint Committee on Tax Credits. I would like to submit all of the videos for the record, and hope that the Committee Members take a little time and watch them all.

I am a part of a panel testifying and would like to play one of the videos in the hearing. specifically, I would like to play the video called "Earned Income Tax Credit: Spent in the Community" as a part of my testimony.

This video is for submission, and I would like to *play it as part of my testimony*:

Please let me know that all the videos work for you and as testimony. Let me know if you need anything else from me at this point.

Thanks for your work
