Hello,

I write to request your support of Senate Bill 835 which would ban horse tripping in Oregon---a notoriously cruel rodeo event during which a lasso is cast around the forelegs of a galloping horse, causing the animal to buckle and crash violently. Please join other states, the Professional Rodeo Cowboys Association and the American Quarter Horse Association in banning this cruel and completely unnecessary practice. Quite honestly, it seems ridiculous to me that we would even need to spend your valuable time on legislation like this---one would hope that the human race was indeed "humane" enough to see the cruelty in this practice and thereby discontinue it even without a ban in place but apparently we haven't evolved enough yet.

Warmly,
Tricia

Dear Ms Martin:

I live in Corvallis, OR and I am writing to you to urge you to ban the cruel practice of horse tripping.

Tormenting innocent animals for fun and profit is despicable.

These horses do not enjoy being roped and tripped. They don't want to be hurt and injured and the poor creatures are also probably terrified.

I suspect the abuse goes beyond even the tripping. Typically these animals are also

subjected to tail twisting, electric shock and other abuse to get them to run and buck.

You have the power to act with compassion and help those who have no power. Please practice the Golden Rule and ban cruelty.

Please share my comments regarding Senate Bill 835 with the Oregon House Judiciary Committee when it meets in work session tomorrow.

Senate Bill 835 proposes to make illegal the cruel practice of "horse tripping" in Oregon rodeos. Tripping is already illegal in ten other states as well as in movies and tv productions. It is also disavowed by the American Quarter Horse Association and even by the American Rodeo Cowboys Association. There is no purpose to tripping other than perhaps to show off roping skills of a cowboy. There are many other ways to do this without possibly injuring or even crippling a horse. Horse tripping is cruel, inhumane, and pointless. Please bring Senate Bill 835 to the House with a recommendation of approval.

Ann,
I have always been against horse tripping of any kind. Horses legs are very "fragile" and can break easily. ON e trip can do that and then the horse has to be put down. as you know there legs never heal properly.
There are a HBO TV show last season (I forget the name now) about horse racing and had stars like Dustin Hoffman in it. They cancelled it after one season because too many horses got injured and had to be put down.
It was an interesting show with a decent plot but I respect HBO for making this call and canceling the show.
I reality all rodeos have a lot of animal abuse involved with them just like circuses. I would like to see them all changed or closed but that is not going to happen. so, hopefully we can get the horse tripping and some other really awful things stopped.
Thanks for taking up this cause. B. Hoyt.

Dear Ms. Martin,

I understand that Senate Bill 835, banning horse tripping in Oregon, has passed that Senate and is currently in the House Judiciary Committee for consideration. I urge the House to pass the bill, which would result in the elimination of a very inhumane practice. I believe that the majority of the people of Oregon, including those of us in "cowboy country," are well able to understand the need for this bill.

Thank you for any assistance you can provide to the real beneficiaries of the bill: countless horses who will be spared harm.

Dear Mrs. Martin,

Have you heard the story about the man who was throwing starfish one by one back in to the ocean after a storm had washed them up? A man walked up to the gentleman throwing the starfish back and said "why are you wasting your time with these starfish, you will never be able to save them all. It's not going to make a

difference." The man kept tossing the starfish one by one back in to the ocean as he said "it is making a difference for this one...and this one...and this one."

You see, I know we can't save the world or end all suffering but for the horses in Oregon that will no longer be subject to this cruelty (Horse Tripping), it will make a HUGE difference.

I am an animal lover with every fiber of my being and when humans (animals) are mean to other animals for any reason it hurts me to the core. When animals are treated cruel for entertainment purposes I get hurt and very angry. Humans need to take their responsibility to the others seriously. Dear Ms. Martin:

Please support "OREGON SENATE BILL 835" and allow Oregon to outlaw "horse tripping" as the cruel, useless and hurtful event it is. It serves no purpose but to do harm to thousands of innocent horses who do not have a choice to even be in a rodeo – let alone to be tied up and have rope burns, abrasions, dislocations and more...including broken legs.

Why would we, as a state, allow something so cruel to be done to horses? Why in fact would this be part of a "sporting" event? We speak of others being cruel to animals in many ways, of bull fights which are also a horrible "tradition" along with other excuses people have for these things, yet we continue to do them.

You have the ability to assist in letting Senate Bill 835 pass the House. Please do this. Let us stand forward and be the 11th state. Please read that last sentence again. There are only 10 states that currently outlaw this practice. The rest allow this to be done as entertainment. You may have a horse or know someone who has one or one day you may have a child or grandchild who loves their horse. Please do the right thing while you have the ability.

Thank you for your assistance.

Please please vote yes for this bill. Horse-tripping is cruel, and rodeos are cruel. Why do we continue to use animals as a source of entertainment. And, this is especially cruel given the fact that the animal has absolutely no control over the abuse that will be perpetrated upon it. They are captive! This is simply a show of human dominance over animals (domesticated gentle animals).

Ridiculous. Please have a heart.

Dear Ms Martin,

I would like to urge you to consider banning the cruel practice of Horse Tripping by voting for Bill 835.

When I was growing up in Grosse Pointe, Michigan, the Lone Ranger's horse, Silver, was stabled in the Grosse Pointe Hunt Club facilities.

Fran Striker, the creator of the Lone Ranger was living in Grosse Pointe at the time. My brother was in the same class as his son.

Silver was pure white with black eyes and had a Cherokee trainer who saw to his every need. The trainer had a beautiful pure white dog as well. He would speak to both animals in the Cherokee language and they each would respond to his commands in the same fashion. This was the most beautiful example of man and animal togetherness and communication that I have ever seen and it remains one of my most treasured memories.

This horse was a gentle, loving and intelligent animal as they all are. They deserve our respect and love but instead many people treat them as chattel and objects to be abused for humans' entertainment although seeing another living creature suffering pain and viciousness is certainly not the best use of the stewardship which God commanded that we observe and practice.

I'm sure that you will pass this Bill so that these extraordinary animals can survive with kindness and loving treatment.

"Horse tripping" is a notoriously cruel rodeo event during which a lasso is cast around the forelegs of a galloping horse, causing the animal to buckle and crash violently. Horses subjected to this abuse often sustain rope burns, abrasions, dislocations, torn tendons and ligaments, and broken legs. Horse tripping is outlawed in 10 states, is prohibited in film and TV production, and has even been banned by the Professional Rodeo Cowboys Association and American Quarter Horse Association. Now, Oregon Senate Bill 835, which would ban horse tripping in Oregon, has passed the Senate and is now being considered by the House. Your voice is desperately needed!

Subject: Bill 835

"Horse tripping" is a notoriously cruel rodeo event during which a lasso is cast around the forelegs of a galloping horse, causing the animal to buckle and crash violently. Horses subjected to this abuse often sustain rope burns, abrasions, dislocations, torn tendons and ligaments, and broken legs. Horse tripping is outlawed in 10 states, is prohibited in film and TV production, and has even been banned by the Professional Rodeo Cowboys Association and American Quarter Horse Association. Now, Oregon Senate Bill 835, which would ban horse tripping in Oregon, has passed the Senate and is now being considered by the House. Please help end this dangerous and cruel practice.

Thank you for your help on behalf of these beautiful and intelligent animals. They deserve our protection.

Subject: writing in support of passage of SB 835 to outlaw horse tripping

Dear Ms. Martin,

I know that tomorrow, May 22, the Oregon House Judiciary Committee is discussing SB 835 to ban horse tripping in Oregon.

I'm writing to express my support of this bill. Horse tripping is already outlawed in several states and is not sanctioned by the Professional Rodeo Cowboys Association. It is a horrific and unnecessary act of cruelty, solely for the purpose of entertainment. The suffering of other beings should not be endorsed as entertainment.

Please share my support for the bill with the committee.

Thank you for your kind assistance.

Peace,

Subject: Please Pass Senate Bill 835

Hello,

I urge you to please vote for and support Senate Bill 835, which will ban Horse Tripping, which is a violent, senseless, disgusting event.

As you may be aware, in this event, a lasso is cast around the forelegs of a galloping horse, causing the animal to buckle and crash violently. Horses subjected to this abuse often sustain rope burns, abrasions, dislocations, torn tendons and ligaments, and broken legs. Horse tripping is outlawed in 10 states, is prohibited in film and TV production, and has even been banned by the Professional Rodeo Cowboys Association and American Quarter Horse Association.

As you can see, this is not something that should be permitted anywhere, especially the lovely state of Oregon.

Thank you!

Liz

Dear Ms. Martin,

I am writing in support of Oregon Senate Bill 835 to ban horse tripping in Oregon. Horse tripping is a notoriously cruel event and is nothing but animal abuse labeled as 'entertainment'. To condone this abuse and call it a 'sport' is a disgrace.. Please speak up for animals and support this vital legislation.

Hi,

I just learned about horse tripping and am dismayed to live in a state that allows it. Are they insane to actually do this to a galloping horse. I would just love to do it to someone who would do it to a

beautiful horse. wouldn't you?

Please ask them to stop this nonsense, NOW!

Dear Ms. Martin,
Horse subjected to "tripping" often sustain rope burns, abrasions, dislocations, torn tendons and ligaments, and broken legs.

Horse tripping, a notoriously cruel rodeo event during which the forelegs of a galloping horse are caught by lasso, causing the animal to buckle and crash violently;

- is outlawed in 10 states,
- is prohibited in film and TV production, and
- has even been banned by the Professional Rodeo Cowboys Association and American Quarter Horse Association.

Now, Oregon Senate Bill 835, which would ban horse tripping in Oregon, has passed the Senate and is being considered by the House. Please work to ban horse tripping.

Dear Ms. Martin,
The practice of horse-tripping which masquerades as entertainment/sport is clearly cruel...and for that reason alone, should be legally banned in the state of Oregon.
