Subject: Oregon Senate Bill 835

Dear Ann Martin,

"Horse tripping" is a notoriously cruel rodeo event during which a lasso is cast around the forelegs of a galloping horse, causing the animal to buckle and crash violently. Horses subjected to this abuse often sustain rope burns, abrasions, dislocations, torn tendons and ligaments, and broken legs. Horse tripping is outlawed in 10 states, is prohibited in film and TV production, and has even been banned by the Professional Rodeo Cowboys Association and American Quarter Horse Association. Now, [Oregon Senate Bill 835](#), which would ban horse tripping in Oregon, has passed the Senate and is now being considered by the House. Your voice is desperately needed!

Today, May 22, is the Oregon House Judiciary Committee's work session on Senate Bill 835. I am writing to ask that you support this vital legislation.

Thank you for speaking up for animals.

In horse racing, when a horse trips, it is often if not usually cause to put the animal to death. The sport of Horse

Tripping needs to be stopped entirely. It is wrong on every level imagineable, resulting in the pain, misuse, and ultimately death of the horses culled for their unchosen 'sportful' demise. This is not something real men and women do, nor support. Continuing its legality is supporting this atrociously dumb misuse of horses. Please help!

Dear Judiciary Committee Assistant Martin:
Please support Oregon House Senate Bill 835 and ban horse tripping in Oregon.

"Horse tripping" is a notoriously cruel rodeo event during which a lasso is cast around the forelegs of a galloping horse, causing the animal to buckle and crash violently. Horses subjected to this abuse often sustain rope burns, abrasions, dislocations, torn tendons and ligaments, and broken legs. Horse tripping is outlawed in 10 states, is prohibited in film and TV production, and has even been banned by the Professional Rodeo Cowboys Association and American Quarter Horse Association.

As this is a tremendously cruel if not also often lethal barbaric practice the time has come for Oregon to stand up against it.

Thank you for considering my request.

Best,
Arlene Spencer
Bend, Oregon

I am astonished to hear that such cruelty has not been outlawed in Oregon. Please let us put an end to such cruel practice.

Dear Ms Martin:

While I know that the issue of horse tripping was attended to on May 22nd, I would like to add my voice to those that oppose this act of cruelty on horses. Horses subjected to this abuse often sustain rope burns, abrasions, dislocations, torn tendons and ligaments, and broken legs. Horse tripping is outlawed in 10 states, is prohibited in film and TV production, and has even been banned by the Professional Rodeo Cowboys Association and American Quarter Horse Association.

Subject: horse tripping legislation

Dear Ms. Martin,

I want to urge you to do everything in your power to see that it is against the law for anyone, including rodeos, to use tripping horses as a means of entertainment. Movie makers are not permitted to do this and rodeos should not be permitted to. I'm sure you will agree that it is our responsibility to see that all animals, which we have the responsibility for, are treated humanely and respectfully.

Thank you so much for your time in considering this.

Sincerely,
Linda G. Lyon

Subject: Support Senate Bill 835

Dear Committee Assistant Martin,

I'm late in writing this, but wanted to give my support to Senate Bill 835, to ban horse tripping in Oregon.

The fact that horse tripping is outlawed in ten states, prohibited in film and TV production, and banned by the Professional Rodeo Cowboys Association and the American Quarter Horse Association- all this tells us that horse tripping is wrong.

It is wonderful to know that the Oregon Senate has passed this bill, and I hope that the House will as well.

Thank you for your consideration,

Leslie Burpo

Please vote now to pass senate bill 835 to ban the horrible "sport" of horse tripping. Horse tripping is a cruel and inhumane pass-time. Please vote now to end this barbaric practice that is so damaging to horses.

Thank you.

As an Oregon resident I already called my Senator's office to support the ban on horse tripping. You probably know that this cruel activity is getting international attention-certainly not good for Oregon's image besides being horrible for horses.
