To: *Education Subcommittee*

From: *Tim Walker, Legislative Fiscal Office*
(503) 986-1827

Date: June 3, 2013

Subject: *HB 3000 A*
Work Session

House Bill 3000 A requires public school students seven years of age or younger who are beginning educational program to have vision screening.

The measure had a public hearing in this Subcommittee on May 25, 2013.

The Work Session packet, including measure, staff measure summary, and amendment are available on the Oregon Legislative Information System (OLIS). The measure has no revenue impact and an indeterminate fiscal impact.

Amendment

There is a –A4 Amendment clarifies when a student is not required to submit certification required under subsection (2) of the bill.

Motion #1: Move the –A4 amendment to HB 3000 A.

Measure as Modified

The measure, as amended, is recommended to be moved to the full Committee on Joint Ways and Means.

Motion #2: Move HB 3000 A to the full committee with a “do pass” recommendation, as modified.

FISCAL IMPACT OF PROPOSED LEGISLATION

Measure: HB 3000 - A4

Seventy-Seventh Oregon Legislative Assembly – 2013 Regular Session
Legislative Fiscal Office

*Only Impacts on Original or Engrossed
Versions are Considered Official*

Prepared by: Tim Walker
Reviewed by: Linda Ames, Doug Wilson
Date: 05/31/2013

Measure Description:

Requires public school students seven years of age or younger who are beginning educational program to have vision screening or eye examination.

Government Unit(s) Affected:

Oregon Health Authority (OHA), School Districts, Department of Education, Early Learning Council, Education Service Districts (ESD)

Summary of Expenditure Impact:

See Analysis.

Local Government Mandate:

This bill does not affect local governments' service levels or shared revenues sufficient to trigger Section 15, Article XI of the Oregon Constitution.

Analysis: This bill requires vision screening for students seven years of age or younger and requires the Oregon Department of Education (ODE) to establish rules.

The Oregon Health Authority indicates no fiscal impact due to this bill. Individuals requiring screening would most likely be covered under the Oregon Health Plan, which covers annual vision exams.

ODE estimates that it may cost approximately \$20,000 General Fund to do the required rule writing and report development for the Legislature.

School Districts report that vision screening is currently offered by some school districts and the cost would be minimal to those districts. Districts that do not currently offer vision screening may incur additional costs. At this time, an accurate count of districts offering vision screening is not available and this cost is unknown.

WHAT THE MEASURE DOES: Requires public school students seven years of age or younger or beginning a program with education provider to have vision screening. Directs education provider to require students seven years of age or younger, or who are beginning an educational program to submit to provider documents certifying: vision screening, and any further examinations or necessary treatments needed. Specifies certification must be provided within 120 days after student begins educational program. Requires education provider to keep record on file and notify parent of vision screening and any further examinations or treatments needed. Defines vision screening as eye test to identify potential vision health problems. Directs State Board of Education to adopt rules to implement measure. Mandates vision screening must be provided by person licensed by Oregon Board of Optometry, Oregon Medical Board, a health care practitioner, or school nurse. Defines “eye exam” as exam which must be conducted by person licensed by Oregon Board of Optometry or person licensed by the Oregon Medical Board and trained in eye surgery and eye disease, and involves any diagnosis of the eye and any measurement or assistance of powers or range or vision of the eye. Declares emergency, effective July 1, 2013.

ISSUES DISCUSSED:

-

EFFECT OF COMMITTEE AMENDMENT: -A4 Amendment clarifies when a student is not required to submit certification required under subsection (2) of the bill.

BACKGROUND: In the childhood years it is important to detect any vision problems that may impair a child’s ability to learn. The screening process can help determine which infants and children may need further diagnostic assessment, or an educational evaluation. National data indicate that about 25% of students need glasses by the time they reach high school. Furthermore, about 3% of children suffer from amblyopia, a condition that may result in blindness in one eye if not detected and treated before age seven.

**PROPOSED AMENDMENTS TO
A-ENGROSSED HOUSE BILL 3000**

1 On page 2 of the printed A-engrossed bill, delete lines 10 through 12 and
2 insert:

3 “(3) A student is not required to submit certification as required under
4 subsection (2) of this section if the student provides a statement from the
5 parent or guardian of the student that:

6 “(a) The student submitted certification to a prior education provider; or

7 “(b) The vision screening or eye examination is contrary to the religious
8 beliefs of the student or the parent or guardian of the student.”.
