Welcome to the
OREGON EXPLORER
www.oregonexplorer.info

*Information to help local citizens and policymakers
make better decisions about natural resources in Oregon.*

You can

- :: Browse multi-media stories
- :: Learn about critical issues and actions
- :: Create maps and reports
- :: Search and download GIS datasets
and documents
- :: Visualize landscapes
- :: Access expertise and contacts
- :: Submit information to the online archive

The Oregon Explorer was developed through a partnership of Oregon State University Libraries, Oregon University System Institute for Natural Resources, the Oregon Watershed Enhancement Board, and the University of Oregon InfoGraphics Lab. Funding was provided by Oregon State University library funds and a grant from the Oregon Watershed Enhancement Board. The site was made public in 2007.
