

HB 2464
Relating to tax compliance

HB 2464 requires that those entities that make more than \$600 in annual payments for construction services report the payment information to the Department of Revenue and requires DOR to share that information with the Employment Department on a quarterly basis. The bill creates penalties for filing non-compliance or knowingly filing false reports and extends those penalties to certain filings required as a result of payments by fiduciaries, brokers, and realtors as well as by any entity for various tax withholding reports.

The A8 amendments were moved by the General Government Subcommittee, providing an \$86,000 General Fund appropriation to the Department of Revenue for the cost of programming the department's Integrated Tax Accounting (ITA) and on-line filing systems using contracted services.

The General Government Subcommittee recommends HB 2464 be amended and reported out do pass, as amended.

Summary of General Government Subcommittee Action

House Bill 2464-B requires certain entities that make more than \$600 in annual payments for construction services to an individual to report payment information to the Department of Revenue (DOR). DOR is required to share the information with the Employment Department on a quarterly basis. The measure also creates penalties for non-compliance and extends these same penalties for non-compliance of filing requirements related to payments by fiduciaries, brokers, and realtors. In addition, the same penalties are extended for non-compliance of filing requirements related to payments by any entity for withholding tax reports, quarterly tax reports, and annual agricultural workers withholding tax reports.

The measure requires the Department of Revenue to create two new program codes to administer the penalties outlined in the bill. Reprogramming of the department’s Integrated Tax Accounting and on-line filing systems would be required as well. The initial programming and testing of the system would be accomplished during the 2013-15 biennium via contracted services. Personal services costs related to the assessment and collection of penalties would be absorbed by the department during this time, but may require the establishment of a half-time position (0.51 FTE) beginning in the 2015-17 biennium.
