

# Oregon Film & Television

*Income / OPIF investment*

NOTES: ECONorthwest reports that each \$1 million in receipts from this sector creates \$123,000 in fees and tax revenues to state and local government.

Current spending in Film/TV represents 15.5% of a \$709.6 million Oregon industry that also includes Oregon-made commercial production, documentary, corporate, video, and local television programming statewide. (\$709.6 million total does not include video game production.)
