

HB 3098
Relating to youth camp expansion

HB 3098 would allow youth camps to be established as permitted uses on exclusive farm use (EFU) land in eastern Oregon composed predominantly of Class 6, 7 or 8 soils; provided the camp is consistent with rules adopted by the Department of Land Conservation and Development Commission.

The Department of Land Conservation and Development Commission is required to adopt rules within one year after the effective date of this 2013 Act to establish criteria for implementation of the provisions of the bill.

The rules must be based similarly to existing rules adopted for youth camps allowed in forest zones and mixed farm and forest zones as well as protect adjacent uses in a manner that is substantially similar to the protections described in the standards for approval of certain uses in exclusive farm use zones .

The bill further states that a youth camp may not be established within an irrigation district or within three miles of an urban growth boundary and states that a youth camp may be authorized only on a lawfully established unit of land of at least 1,000 acres.

The measure has a \$50,000 General Fund fiscal impact to the Department of Land Conservation and Development for costs associated with rule making.

The Capital Construction Subcommittee recommends HB 3098 be amended and reported out do pass as amended.

Summary of Capital Construction Subcommittee Action

House Bill 3098-B allows youth camps to be established on land in eastern Oregon zoned for exclusive farm use (EFU) and composed predominantly of class VI, VII, or VIII soils consistent with rules adopted by the Land Conservation and Development Commission (LCDC). It directs LCDC to adopt rules to implement the statute and protect adjacent land uses in a manner that is substantially similar to protections described in ORS 215.296 (standards for approval of certain uses in EFU zones). It requires LCDC to adopt these rules establishing criteria within one year after the effective date of the Act and requires new rules to be based on rules previously adopted under statute allowing youth camps in forest zones and mixed farm and forest zones. It prohibits local government from authorizing a youth camp under this statute before the effective date of rules adopted by LCDC for this purpose. It requires LCDC to notify Legislative Counsel immediately upon filing these rules with the Secretary of State. The measure states that a person may not establish a youth camp within an irrigation district or within three miles of an urban growth boundary and stipulates that a youth camp may be authorized only on a lawfully established unit of land of at least 1,000 acres. Strict adherence to existing statute which stipulates the protection of archaeological objects, sites, burials, funeral objects, human remains, objects of cultural patrimony and sacred objects is also required under the measure.

The Subcommittee approved an appropriation of \$50,000 General Fund to the Land Conservation and Development Commission to carry out the provisions of the bill.
