(1) A use allowed under ORS 215.213 (2) or (11) or 215.283 (2) or (4) may be approved only where the local governing body or its designee finds that the use will not:

(a) Force a significant change in accepted farm or forest practices on surrounding lands devoted to farm or forest use; or

(b) Significantly increase the cost of accepted farm or forest practices on surrounding lands devoted to farm or forest use.

(2) An applicant for a use allowed under ORS 215.213 (2) or (11) or 215.283 (2) or (4) may demonstrate that the standards for approval set forth in subsection (1) of this section will be satisfied through the imposition of conditions. Any conditions so imposed shall be clear and objective.

(3) A person engaged in farm or forest practices on lands devoted to farm or forest use may file a complaint with the local governing body or its designee alleging:

(a) That a condition imposed pursuant to subsection (2) of this section has been violated;

(b) That the violation has:

(A) Forced a significant change in accepted farm or forest practices on surrounding lands devoted to farm or forest use; or

(B) Significantly increased the cost of accepted farm or forest practices on surrounding lands devoted to farm or forest use; and

(c) That the complainant is adversely affected by the violation.

(4) Upon receipt of a complaint filed under this section or ORS 215.218, the local governing body or its designee shall:

(a) Forward the complaint to the operator of the use;

(b) Review the complaint in the manner set forth in ORS 215.402 to 215.438; and

(c) Determine whether the allegations made in a complaint filed under this section or ORS 215.218 are true.

(5) Upon a determination that the allegations made in a complaint are true, the local governing body or its designee at a minimum shall notify the violator that a violation has occurred, direct the violator to correct the conditions that led to the violation within a specified time period and warn the violator against the commission of further violations.

(6) If the conditions that led to a violation are not corrected within the time period specified pursuant to subsection (5) of this section, or if there is a determination pursuant to subsection (4) of this section following the receipt of a second complaint that a further violation has occurred, the local governing body or its designee at a minimum shall assess a fine against the violator.

(7) If the conditions that led to a violation are not corrected within 30 days after the imposition of a fine pursuant to subsection (6) of this section, or if there is a determination pursuant to subsection (4) of this section following the receipt of a third or subsequent complaint that a further violation has occurred, the local governing body or its designee shall at a minimum order the suspension of the use until the violator corrects the conditions that led to the violation.

(8) If a use allowed under ORS 215.213 (2) or (11) or 215.283 (2) or (4) is initiated without prior approval pursuant to subsection (1) of this section, the local governing body or its designee at a minimum shall notify the user that prior approval is required, direct the user to apply for approval within 21 days and warn the user against the commission of further violations. If the user does not apply for approval within 21 days, the local governing body or its designee shall order the suspension of the use until the user applies for and receives approval. If there is a determination pursuant to subsection (4) of this section following the receipt of a complaint that a further violation occurred after approval was granted, the violation shall be deemed a second violation and the local governing body or its designee at a minimum shall assess a fine against the violator.

(9)(a) The standards set forth in subsection (1) of this section do not apply to farm or forest uses conducted within:

(A) Lots or parcels with a single-family residential dwelling approved under ORS 215.213 (3), 215.284 (1), (2), (3), (4) or (7) or 215.705;

(B) An exception area approved under ORS 197.732; or

(10) This section does not prevent a local governing body approving a use allowed under ORS 215.213 (2) or (11) or 215.283 (2) or (4) from establishing standards in addition to those set forth in subsection (1) of this section or from imposing conditions to ensure conformance with the additional standards. 660-034-0000 Purpose

(1) The purpose of this division is to establish policies and procedures for the planning and zoning of state and local parks in order to address the recreational needs of the citizens of the state. This division is intended to interpret and carry out requirements of Statewide Planning Goal 8 and ORS 195.120 to 195.125.

(2) In general, this division directs local government planning and zoning activities regarding state and local park master plans. OAR chapter 736, division 18, directs the Oregon Parks and Recreation Department (OPRD) with respect to state park master planning, and does not apply to local governments except where specified by this division.

OAR 660-034-0040 Planning for Local Parks

(1) Local park providers may prepare local park master plans, and local governments may amend acknowledged comprehensive plans and zoning ordinances pursuant to the requirements and procedures of ORS 197.610 to 197.625 in order to implement such local park plans. Local governments are not required to adopt a local park master plan in order to approve a land use decision allowing parks or park uses on agricultural lands under provisions of ORS 215.213 or 215.283 or on forestlands under provisions of OAR 660-006-0025(4), as further addressed in sections (3) and (4) of this rule. If a local government decides to adopt a local park plan as part of the local comprehensive plan, the adoption shall include:

(a) A plan map designation, as necessary, to indicate the location and boundaries of the local park; and

(b) Appropriate zoning categories and map designations (a "local park" zone or overlay zone is recommended), including objective land use and siting review criteria, in order to authorize the existing and planned park uses described in local park master plan.

(2) Unless the context requires otherwise, this rule does not require changes to:

(a) Local park plans that were adopted as part of an acknowledged local land use plan prior to July 15, 1998; or

(b) Lawful uses in existence within local parks on July 15, 1998.

(3) All uses allowed under Statewide Planning Goal 3 are allowed on agricultural land within a local park and all uses allowed under Statewide Planning Goal 4 are allowed on forest land within a local park, in accordance with applicable laws, statewide goals, and rules.

(4) Although some of the uses listed in OAR 660-034-0035(2)(a) to (g) are not allowed on agricultural or forest land without an exception to Goal 3 or Goal 4, a local government is not required to take an exception to Goals 3 or 4 to allow such uses on land within a local park provided such uses, alone or in combination, meet all other statewide goals and are described and authorized in a local park master plan that:

(a) Is adopted as part of the local comprehensive plan in conformance with Section (1) of this rule and consistent with all statewide goals;

(b) Is prepared and adopted applying criteria comparable to those required for uses in state parks under OAR chapter 736, division 18; and

(c) Includes findings demonstrating compliance with ORS 215.296 for all uses and activities proposed on or adjacent to land zoned for farm or forest use.
