Hello,

I'm writing to express my strong opposition to SB 633. Please accept this email as written testimony for the public hearing on SB 633.

Setting agricultural policy at the state level homogenizes complex seed production situations to the detriment of seed saving small farms. Regional and county level policy should stand above state policy, preempting such authority could strip Oregon agriculture of diversity regarding seed saving operations that specialize in regional microclimates.

Please do not vote for SB 633.

Respectfully,  
Brian DeLaGrange  
Medford, OR
