Dear Senator Bates,

As a citizen of Jackson County I am writing to encourage you to vote "no" on Senate Bill 633. This would enable us to keep control of agriculture in Jackson County.

As a retired emeritus professor of Nursing @ OHSU I am greatly concerned about genetically modified feeds and the health issues that may result.

Agriculture needs to be a non corporate, non partisan "back to the farmers" profession.

It seems like corporate America (Monsanto, etc.) is aligned with Washington, D.C. and this has to be questioned.

Please vote "no" on SB 633.
Thank you for this consideration.

Sincerely,
Janice A. Napoleon
