

Tueller
565 Senic Dr.
Ashland, OR 97520 Bates,

I've become aware of SB 633 that is in motion to prohibit local legislation of agriculture. I'm highly opposed to the pre-emption bill that would force state control of my/our local agriculture. You should know organic & conventional non-GMO agriculture is the heart of my community. I believe local entities & government know the needs of our valley and its people best. I believe if our community does not wish to have GMO's in our valley, we should be empowered to regulate that VOTE NO and urge your peers to vote no on SB 633.

sincerely,

Brandon Schilling
