Senate Bill 633 is a poorly considered agricultural policy bill. Contrary to the idea that a “patchwork” of local regulations will stifle growth, it is precisely this local control and decision making that best serves the unique conditions of our various counties. For example, what’s appropriate to Josephine is not appropriate to Lane. Seed and agricultural issues are unique to each climate, culture, and business community. Please oppose SB 633 so our county can maintain control of our regional economic and agricultural future.

Take care,

Dear Rural Community and Economic Development Committee,

Senate Bill 633 is a poorly considered agricultural policy bill. Contrary to the idea that a “patchwork” of local regulations will stifle growth, it is precisely this local control and decision-making that best serves the unique conditions of our various counties. For example, what’s appropriate to Josephine is not appropriate to Lane. Seed and agricultural issues are unique to each climate, culture, and business community. Please use your influence with the committee members to oppose SB 633 so our county can maintain control of our regional economic and agricultural future.

Respectfully,

Marisa Hoppe Petersen

I am a registered voter in Jackson County, Oregon.
