Subject: Sb 633

Greetings, my name is Josh cohen, I own and operate barking moon farm in Jackson County Oregon. I produce certified organic vegetable seed both for resale and for on farm use. I am also a member of the Oregon Farm Bureau, not by choice, but because I maintain insurance through country insurance... however, I will be changing that as of this week. I am writing as I am opposed to Senate bill 633. I believe that Senate bill 633 will jeopardize the well being of Agriculture both conventional and organic in the state of Oregon. Thank you for taking the time to read this.

Sincerely,

Josh Cohen
