HB 2988

I strongly oppose the passage of HB 2988 as written.

This bill lowers the age for voter registration in the state of Oregon. I do not understand why the state would take on this extra burden of record keeping for a portion of the population who's information will be dramatically changing over the next 2 years, until they are legally able to receive a ballot and cast their vote.

This legislation will increase the cost and overhead of making sure information is kept up to date on these registered non-eligible voters, and stretches already overburdened resources in our county clerk offices.

I urge you to vote NO on this bill.

Respectfully submitted,
