

Life returns to the Willamette River where once sternwheelers were the main mode of transportation. Sternwheeler Excursions will operate the 87 foot, 86 ton, twin paddlewheeler year-round from its port of Salem, Oregon, on the Willamette River.

The "Willamette Queen" was designed as a scaled down likeness of the former Mississippi and Yukon Territory Riverboats with paddles that really do propel her. Built in Newport, Oregon, in 1990, she has a Coast Guard approved capacity of 149. The air conditioned dining area accommodates 96 dinner guests plus outside deck seating for 18 more. Relive Oregon's historical past in an elegant dining experience as the ship leisurely glides along the Willamette River towards Independence or Keizer, depending on the water levels. Charter all or part of the "Willamette Queen" for your special occasion. Our captain is an ordained minister and performs weddings.

Family reunions, anniversaries, birthdays, business meetings, non-profit fund-raisers, historical dinner theater, Monte Carlo parties and dance parties may be booked by calling our reservation office.

# The Willamette Queen

For seniors and handicapped passengers, The Willamette Queen Shuttle now offers transportation from our parking lot down to the boat.

**W**y love for boats goes back many years. As a USCG 100 ton licensed Captain, for over 20 years, I accomplished a two year, 25,000 mile world cruise with my family aboard our 45' yacht "Moon Mist". I competed in the 6,000 mile 1978 Tall Ships Race and placed 4th, aboard the vessel "Lady Frei," a 102' square rigged brigantine schooner. Additionally, I managed a fleet of sailing and fishing charter vessels. My years of successful marketing experience coupled with my chartering and restaurant experience makes me uniquely suited to this type of business.

# The Willamette Queen

**A**ll aboard the "Willamette Queen" at Salem Riverfront Park, in downtown Salem, to enjoy a Riverboat experience reminiscent of the days when travel on the Willamette River was only by steam-powered sternwheeler boats. Relive Oregon's historical past, while enjoying elegant dining and a relaxing leisurely voyage.
