

# Oregon Citizens Lobby

A growing statewide collaborative effort by citizens to promote legislative accountability.

Oregon Citizens Lobby opposes SB602 for the following reasons.

This bill bans use of motors on Waldo Lake.

## **Personal Choice**

This bans the lake from gas and electric motors making it ban to sail boaters too who need to troll to dock. Limits enjoyment of the lake.

## **Fiscal Responsibility**

Waldo is a large lake and banning motors also adds risk to non-motor boaters that occasionally need a pull or someone over-extending their strength.

## **Limited Government**

Bill restricts the use of the lake unnecessarily.

## **Local Control**

Law decreases use of the lake and visitors to the community affecting the local economy.
